

STEALTH SERIES SINGLE ROW LIGHTBARS

DECEPTIVELY POWERFUL.

The BASE6 STEALTH Series Light Bar is perfect for customers seeking a slimline LED light bar that competes with larger lights on the market.

With a crystal white 5700K colour temperature, it offers stunning clarity and definition, along with an excellent Colour Rendering Index (CRI).

Our onboard PCB circuit design ensures that 97% of input power is delivered directly to the LEDs.

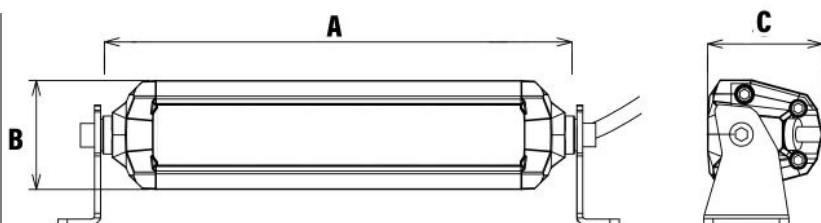

The all-new STEALTH SERIES Light Bars are built with industry-proven technology that provides unsurpassed performance. Using only genuine OSRAM® LEDs, the STEALTH SERIES produces a remarkable beam that directs light exactly where you need it most!

SPECIFICATIONS

SKU	MODEL	LUMEN OUTPUT	BEAM DISTANCE	POWER	LED CHIPS	DIMENSION A x B x C
B6SRLB22FPL	22 INCH	4010 Lumens	1 lux @ 596m	108WATT	8.5A @ 12vdc	570mm x 72mm x 49mm
B6SRLB32FPL	32 INCH	6400 Lumens	1 lux @ 735m	162WATT	12.3A @ 12vdc	825.5mm x 72mm x 49mm
B6SRLB42FPL	42 INCH	8414 Lumens	1 lux @ 895m	216WATT	17.2A @ 12vdc	1075mm x 72mm x 49mm

SHARED SPECS

LED MANUFACTURER	Genuine OSRAM®
BEAM PATTERN	Combination Spot & Flood
HOUSING MATERIAL	Diecast Aluminium
LENS MATERIAL	GE Lexan Polycarbonate
MOUNTING BRACKET	Side & Channel Mounts
OPERATING VOLTAGE	10-30V DC
COLOUR TEMPERATURE	5,700K
LED LIFESPAN	50,000 hours
CERTIFICATIONS	CE, RoHS, C-Tick ECE R10 ECE R148 ECE R149

COLOUR TEMPERATURE: 5700 KELVIN
